Synergy Billing Named First Place Winner in Bright House Networks Regional Business Awards of Greater Orlando

Businesses Honored at March 11 Recognition Event

Orlando, Fla. (March 15, 2016) –Synergy Billing announced today that it was named the first-place winner in the medium business category for the Bright House Networks Regional Business Awards in the Greater Orlando area, which honored the companies and organizations that have impacted the Greater Orlando area with their products, services, and thought leadership. Winning businesses were honored at a special celebration on March 11 at the Hilton Orlando Bonnet Creek. The event featured Thomas K. Sittema, CEO, CNL Financial Group.

Sponsored for the award by the Holly Hill Chamber of Commerce, Synergy Billing provides revenue cycle management, provider credentialing, and training to Federally Qualified Health Centers across the nation. “This is such an honor,” said CEO M. Jayson Meyer. “The Holly Hill community, especially the business community, has been so supportive. That is why we are working to locate our corporate campus there.” Meyer, who was also just named Young Professional of the Year by the Volusia Flagler Business Journal, went on to say, “I am fortunate

to work with the best team in the business.” In 2015, the company was named one of fifty Companies to Watch by GrowFL and placed #1071 in the Inc. magazine 5000 fastest-growing companies in the nation.

Bright House Networks teamed up with Chambers of Commerce in nine counties to host the event that connected local businesses in a celebration of best-in-class. Bright House Networks awarded prizes totaling over \$1,000,000, including commercial TV production, air time, inclusion in a customer newsletter, and cash. Synergy Billing’s prize package has a fair market value of nearly \$150,000 in cash, production services, and air time from Bright House Networks. “We are recruiting the very best medical billing and coding experts in the nation to work with us on our new campus,” said Meyer. “This incredible prize will empower us to extend our reach even more. We will also be reaching out to tell Central Floridians about our training programs for individuals who do not have a background in health care.”

Bright House Networks Business and Enterprise Solutions offers a comprehensive portfolio of scalable products and services that meet the needs of small and medium business, all the way up to large enterprises, governments, and public educational institutions. With local 24x7x365 support, dedicated local sales executives and solutions engineers, and continued investment in next-generation technology, Bright House Networks is dedicated to supporting the local business community.

***Synergy Billing** provides revenue cycle management to a special niche in health care known as Federally Qualified Health Centers (FQHCs). These community health centers act as a safety net for the nation’s most vulnerable populations. Services provided to these clients including medical billing, credentialing, and extensive training on a variety of critical topics. Synergy Billing was founded in 2006 by entrepreneur M. Jayson Meyer, who is nationally recognized as an expert in maximizing revenue in health care. Most FQHCs report collection rates of less than 75 percent, while Synergy Billing clients report collection rates of more than 90 percent.*

About Bright House Networks

Bright House Networks is the sixth largest owner and operator of cable systems in the U.S. and the second largest in Florida, with technologically advanced systems located in five states including Florida, Alabama, Indiana, Michigan and California and two of the top 20 DMAs. Bright House Networks serves approximately 2.5 million customers who subscribe to one or more of its video, high-speed data, home security and automation and voice services. Bright House Networks Business Solutions offers a strong portfolio of video, voice, data, and cloud-based solutions to the small and medium business segments. In addition, Bright House Networks Enterprise Solutions provides advanced, fiber-based telecommunication services to key industry

verticals in the mid-market and carrier segments, including cloud-based hosted voice, managed security, and cell backhaul to wireless carriers. The company was recently re-certified as a Cisco® Master Service Provider under the Cisco Cloud and Managed Service Program, and was the first cable operator in the United States to achieve this designation. Bright House Networks also owns and operates exclusive, award-winning, local news and sports channels in its Florida markets.
