City of Holly Hill Approves Lease for Overflow Capacity of Synergy Billing Local Company Takes Space in The Market

HOLLY HILL, FL, January 12, 2016 – The Holly Hill City Commission approved leases tonight for Synergy Billing to take space in The Market, the city-owned commercial center facing the Halifax River.

Synergy Billing CEO, M. Jayson Meyer, explained that the rapidly growing company must consider temporary solutions while it negotiates to develop a 25-acre corporate campus, The Fountainhead at Holly Hill. “The fact is, we have simply run out of space in our current location,” said Meyer. “The Fountainhead could forever change the landscape of Holly Hill. Our lease at the Market helps us to balance Synergy’s growth while we finalize a partnership with the City.”

“We are certainly pleased to welcome Synergy Billing as a tenant at The Market,” said City Manager Joe Forte. “Together, we are working toward a long-term commitment to bring The Fountainhead to Holly Hill; this interim move is a sign of their interest in partnering with the City on their expansion needs.”

Synergy will lease 1,040 square feet for a part of the company’s billing operations and another 700 square feet for expansion of the Synergy Billing Academy. “Demand for the unique training that we provide in this field is growing,” added Meyer. “We have reached the point at which we need dedicated space for our Academy. Our faculty and students are certainly pleased that they will be just across from the Intracoastal Waterway.”

The proposed campus would hold the headquarters for Synergy Billing, a permanent home for the Synergy Billing Academy, daycare, fitness, and dining amenities, workforce housing, and a community health center.

Synergy Billing provides revenue cycle management to a special niche in health care known as Federally Qualified Health Centers (FQHCs). These community health centers act as a safety net for the nation’s most vulnerable populations. Services provided to these clients including medical billing, credentialing, and extensive training on a variety of critical topics. Synergy Billing was founded in 2006 by entrepreneur M. Jayson Meyer, who is nationally recognized as an expert in maximizing revenue in health care. Most FQHCs report collection rates of less than 75 percent, while Synergy Billing clients report collection rates of more than 90 percent.
